RoHS, RoHS 3, REACH & Conflict Materials Compliance Declaration

11.9.2022

Dear Valued Customer,

Tanis, Incorporated (Tanis) certifies our products are following in compliance with Directive 2011/EU of the European Parliament and the Council of June 8, 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (also known as "RoHS Recast"). Tanis declares that none of these metals and/or substances are found in our products and if they are, they do not exceed the maximum concentration of 0.1% by weight in homogeneous materials for lead, hexavalent chromium, mercury, polybrominated biphenyl (PBB), polybrominated diphenyl ether (PBDE) and 0.01% for cadmium, Bis(2-ethylhexyl) phthalate (DEHP)(0.1%), Butyl benzyl phthalate (BBP)(0.1%), Dibutyl phthalate (DBP)(0.1%), Diisobutyl Phthalate (DIBP)(0.1%), N-(hydroxymethyl) acrylamide.

Tanis also declares that none of the substances of very high concern, as listed by REACH, are in our products or that they do not exceed the maximum threshold of 0.1% based on weight.

Furthermore, Tanis declares that our products do not use the 3TG conflict minerals (tantalum, tin, tungsten, and gold).

In the development of this Compliance Declaration, Tanis has had to rely on information provided by sources outside the company. Tanis makes no representation or warranty as to the accuracy of this information. In no event shall Tanis be liable for any special, incidental, or consequential damages arising out of this information.
