

The state of California's Proposition 65 entitles consumers in California to special warnings for products that contain chemicals known to the state of California to cause cancer and birth defects or other reproductive harm if those products expose consumers to such chemicals above certain threshold levels. Tanis Brush has elected to place the Proposition 65 warning notifications on select products to assist consumers in California. More information on the state of California's Proposition 65 can be found at www.p65warnings.ca.gov. For a fully updated list of all of the chemicals and compounds that are known to the state of California to cause cancer or reproductive toxicity, go to: <https://oehha.ca.gov/proposition-65/proposition-65-list>.

The general Proposition 65 notice is as follows:

WARNING: This product may expose you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.p65warnings.ca.gov.

In addition, there are specific warnings for the following specific products:

- Brushes with carbon steel, steel, stainless steel, abrasive and other filaments;
- Extrusions;
- Power brushes; and
- Barbeque and grill brushes.

Brushes with Carbon Steel or Steel Filament

 **WARNING:** This product can expose you to chemicals, including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.p65warnings.ca.gov.

In addition, California requires the following notice:

 **WARNING:** Filament dust created by deburring, sanding, sawing, grinding, drilling, cleaning and other brushing activities contains chemicals that are known by the state of California to cause cancer. Avoid inhaling particle dust or use a dust mask or other safeguards for personal protection.

Brushes with Stainless Steel Filament

 **WARNING:** This product can expose you to chemicals, including nickel, which is known to the State of California to cause cancer.

In addition, California requires the following notice:

 **WARNING:** Filament dust created by deburring, sanding, sawing, grinding, drilling, cleaning and other brushing activities contains chemicals that are known by the state of California to cause cancer. Avoid inhaling particle dust or use a dust mask or other safeguards for personal protection.

Brushes with Abrasive Filaments (CeramiX® Abrasive Brushes, Silicon Carbide, Aluminum Oxide Type Filaments)

 **WARNING:** This product can expose you to chemicals, including silica or aluminum oxide dust, which is known to the State of California to cause cancer. For more information go to www.p65warnings.ca.gov.

In addition, California requires the following notice:

 **WARNING:** Filament dust created by deburring, sanding, sawing, grinding, drilling, cleaning and other brushing activities contains chemicals that are known by the state of California to cause cancer. Avoid inhaling particle dust or use a dust mask or other safeguards for personal protection.

Brushes with PFA (Teflon®) Filament

 **WARNING:** This product can expose you to chemicals, including tetraflouroethylene, which is known to the State of California to cause cancer. For more information go to www.p65warnings.ca.gov.

In addition, California requires the following notice:

 **WARNING:** Filament dust cleaning and other brushing activities contains chemicals that are by the state of California to cause cancer. Avoid inhaling particle dust or use a dust mask or other safeguards for personal protection.

Power Brushes

California requires the following notice:

WARNING: Dust created by deburring, sanding, sawing, grinding, drilling, cleaning and other brushing activities can contain chemicals that are known by the state of California to cause cancer and birth defects or other reproductive harm. Some examples of these chemicals are:

- Nickel from medical implants;
- Lead from automotive parts;
- Lead from lead-based paints;
- Crystalline silica from bricks and cement or other masonry products;
- Chemicals in certain cooling solutions;
- Chemicals found in certain food particles;
- Wood dust from sawing, sand or other machining of wood products; and
- Arsenic and chromium from chemically treated lumber.

Avoid inhaling particle dust or use a dust mask or other safeguards for personal protection.

For more information go to www.p65warnings.ca.gov.

Barbeque and Grill Brushes

California requires the following notice:

WARNING: Dust and particles created by cleaning grill and grill grate surfaces with a brush can contain chemicals that are known by the state of California to cause cancer and birth defects or other reproductive harm. Some examples of these chemicals are:

- Lead from steel parts;
- Chemicals found in cleaning solutions if used; and
- Chemicals found in certain food particles.

Avoid inhaling particle dust or use a dust mask or other safeguards for personal protection.
